

## NOTES AND NEWS

### Animal Studies Web-sites

The following recently established web-sites will be of interest to readers of S&A:

#### Animals-Society

[www.onelist.com/community/animals.society](http://www.onelist.com/community/animals.society)

This list is intended for discussion of the psychological and sociological study of the relationship between humans and other animals. Possible topics might include: attitudes toward animals, violence against animals, relationships with companion animals.

#### Humans and Other Animals

[www.xs4all.nl/~ianmacd/Jo/anthrozoos.htm](http://www.xs4all.nl/~ianmacd/Jo/anthrozoos.htm)

This list provides resources, both on- and off-line, for scholars interested in human-animal relations. It includes a broad spectrum of anthrozoological resources from academic journals to animal rights web sites.
